

Porlock Fire Station

Porlock is an on-call and co-responder station with one fire engine serving approximately 1,100 households at the eastern end of Exmoor. The relative isolation of Porlock is a challenge, although Minehead is within 10 minutes' drive of the station and 92% of the population live within 5 minutes of the fire station (i.e. in and around Porlock itself).

The above times are indicative and may be affected by various factors

Stats 2018
